SANTA CLAUS TAKES A REST THIS YEAR

Beginning in September the council of national defense will inaugurate an active campaign to discourage the giving of Christmas gifts in order to conserve the labor of the country, relieve transportation and stimulate economy. It is considered of great importance that merchants should be advised of this plan immediately that they may properly adjust their buying to this end.

The statement of the council of national defense upon the matter concludes as follows:

"Although these principles involve far-reaching modifications in our Christmas customs, they can be accomplished without impairing the essential value of Christmas as an institution. In the meantime, manufacturers and merchants should be notified regarding the government's policy, in order that they may plan their Christmas stocks with knowledge of the call which will later be made on the general public."

ENTERTAINED AT DINNER

James W. Conlisk, agent of the Giant Powder company, who is spending a few days in Tonopah, entertained a party at dinner in the Mizpah grill last evening as a fitting finale to a motor trip from Goldfield. The party included besides the host: M. W. Faulkner, general agent of the Pacific Coast Dorax company; Fred Corbhill, superintendent of the box mill at Death Valley Junction, and Arthur H. Lawry, superintendent of the Goldfield Consolidated Mines company.

GIRLS ACT AS FIRE LOOKOUTS ON LOFTY AND LONELY MOUNTAIN

(By Associated Press.)

SAN FRANCISCO, Aug. 1.—Perched atop lofty peaks in national parks of northern California two girls are braving the lonely and often dangerous life in these isolated districts to serve as lookouts for the United States forest service. Miss Mollie M. Daggett, daughter of John Daggett, former lieutenant governor of California and at one time superintendent of the United States mint at San Francisco, and Miss Mollie Ingoldsby of Los Angeles are two of the only three women employed as lookouts by the forest service in the United States.

This is Miss Daggett's fifth season as lookout at the Eddy's gulch station near Sawyer's bar, Siskiyou county. She was born and reared in

the shadow of the mountain where she now keeps watch and upon her vigilance depend the promptness and effectiveness of the government's fire fighting force. She was the first woman lookout employed in this country.

Miss Daggett's cabin is filled with skins and furs that evidence her skill as a trapper and hunter and Acting Forest Ranger Lewis Carrigan reports that she has rendered valuable assistance to the United States biological survey in its campaign against predatory animals. Miss Daggett's sister, Miss Leslie Daggett, who lives at the residence, the White House, one of the show places of the district, and Miss May Ahlgren are reported to have rendered valuable assistance in July by riding horseback over the district

and recruiting an emergency fire fighting crew when all men usually available were already combating the flames.

Miss Ingoldsby's post is a tiny government observatory at an elevation of 7345 feet on the very summit of Mount Hough in the Plumas national forest. Here with her sister she lives obtaining her supplies with those packed in from time to time from Taylorsville, in northern Plumas county, by mining operators. Miss Ingoldsby is city bred and 25 years old.

"This is my idea of a fine way to pass a delightful season while at the same time doing worthwhile work," Miss Ingoldsby wrote to the forestry office here. "And most important of all it releases one more man for active war service."

MANHATTAN BOY INSTRUCTOR WITH THE NINTH FIELD ARTILLERY

Lloyd Wilcox, son of W. R. Wilcox of Manhattan, and who has been on a furlough visiting his home town, passed through Tonopah today on his way to Fort Sill, Oklahoma, where he is connected with the 9th field artillery which is attached to the school of fire. He has spent fourteen months in the heavy artillery and was promoted to expert gunner after a competitive examination which he passed with points to spare and was among the leading gunners of the artillery department. Mr. Wilcox's record was 97 per cent while that of the regiment is 98 per cent as a whole. He has been very anxious to get into the service in France for some time but has been unable to do so as his service has been required in teaching others in the art of handling the big guns of the army.

Lloyd states that the art of firing the heavier field pieces has been brought to such a scientific point that with the aid of observation bal-

loons and air lanes an experienced gunner is able to hit an unseen target from five to fifteen miles and the observer is able to locate the target and give the necessary data to the executive officer in charge of the gun in two minutes, under ordinary conditions.

The regiment was visited some time ago by some of the expert artillery men of the French army who were sent out by the war department with their own guns to instruct the Americans, but after they saw our boys perform they admitted that they had nothing to learn from the French who had three years of experience before our boys enlisted.

Lloyd says the whole regiment is as keen to get on the firing line as he is and they hope to be in France within the next month.

The eats are the best in the land with chicken dinners every Sunday. Probably the colored gent who said, "Dat artillery don hab to see yo'; all dey need is yo' adress," was about right.

HARRY O. TREMBLING IN MOTOR SERVICE AT FORT SAM HOUSTON

Harry O. Trembling, a Tonopah boy who formerly worked at the Campbell-Kelly foundry, is now at Fort Sam Houston, Texas, and, apparently enjoys the life, according to a letter received by Justice Harry Dunseath. Harry is only twenty-one years of age and was employed as a machinist in the foundry when he decided to enlist in March, 1917. Another brother, Carl, is also in the service with the colors in France, as mentioned in the letter, which follows:

July 26, 1918.

Dear Friends:

I have been wondering the last few months how my friends in the west were getting along. This morning I received a paper from Karl, with Tonopah news in it that made me think of the dear old place in Nevada and wish I were there.

I read your article "Unity" which appealed to me and also to my comrade that read it. They are in hopes that you are right when you said "the war will be over by next Fourth."

You can see by the post mark that I am still in the dear United States. I have been in Texas since May 18, 1917. I worked awhile in the depot shops, then after finishing the course, was transferred to the garage as instructor, which I did up to January. Then went to driving for Colonel Dunn, judge advocate for the southern department. I was made corporal in December, relieved from the colonel's car and placed on the car of the commanding general of the southern department the first of July. There are two of us on it, so it makes it easier on a person, as he takes some very long trips.

I have found the army life very enjoyable so far, with the exception that they have not shipped me to France yet.

I would like to get "over there" and help the boys lick the kaiser and bring home the victory. The food and quarters are the best. I could ask for and the company commander is a very good, hearty person. We have a recreation hall with a player piano, pool tables and plenty of reading material.

So life is not so bad. One thing though, that is, it is awful hot down here. A person often wishes they were in the woods or along the seashore. This state is full of army camps. We have six camps right near San Antonio with about 90,000 men in total.

They have some very pretty residences and parks in this town. The population of San Antonio is about 95,000. It is located three miles south of the army post. The post is very ideal the way it is laid out. It was formerly a federal prison. I see by the paper that you folks are shipping out a good many boys. I know the people hate to see them go, but the sooner they get into action the sooner the war will be over. So encourage them to go and do the best they can. "For united we must stand."

I have been in very good health and enjoying life as happy as can be. I hope you folks are all well and in the best of spirit. I wish you would remember me to any that might know me, especially the children, as I miss them and their football, climbing on my knees.

I am enclosing a snap of myself and chums. We are in front of the car I drive. It carries the colors on the right and major general's colors on the left. It is a "Cad." 8. The boy with the shirt on is my sidekick on the car. General's flag has two stars. Will close with love and regards to you all and friends.

As ever, your friend,

HARRY O. TREMBLING.

P. S.—I hope I can see service in France soon. My brother, Will, left for France last Tuesday with the engineer corps.

JANITOR FOR THE SCHOOLS

The board of school trustees will receive applications for the position of janitor of the high school until Saturday at noon. The work includes caring for the steam boilers in addition to taking care of the building. Applications should be addressed to P. O. Box 507, Tonopah.

I loan you a watch to carry while I repair your own. I am the finest watchmaker who ever came to Tonopah. Emil Merman at Robert's tables and plenty of reading material.

NEW MANAGER FOR WATER COMPANY

M. H. Gascoigne assumed charge of the Water Company of Tonopah this morning as general manager after spending two weeks looking around and becoming familiar with the system and plant. Mr. Gascoigne brings an experience of twenty-five years in handling public utilities to his new position and comes highly recommended by his former employers. He will make this his permanent home. Mr. Gascoigne's executive connection with public utilities extends over a large eastern territory including Jeffersonville, Ind.; Joplin, Mo.; Goshen, Ind.; Rome, N. Y.; and Fort Huron, Mich. The new manager is a life member of Jeffersonville, Ind., lodge No. 362, B. P. O. E., where he was recognized as one of the most enthusiastic boosters of the order and carries a gold engraved card certifying to the high esteem in which he was held by his brother Elks.

CANDIDATE FOR JUSTICE OF PEACE

Frank J. Cavanaugh, of the firm of Woonacott & Cavanaugh, has declared his intention of being a candidate for the office of justice of the peace at the primaries. Since the election law was revised at the last session of the legislature all judicial offices are regarded as non-partisan, so Mr. Cavanaugh presents himself as a candidate from the people.

Mr. Cavanaugh is known to most voters of Tonopah owing to his long residence in Mineral and Esmeralda counties, where he lived five years in Goldfield and Rawhide and always stood ready to invest his money in any enterprise that made for the betterment or prosperity of the community. He has been a resident of Tonopah for six years and is a taxpayer. He never occupied any public office until appointed public administrator of Nye county in October, 1914, which office he held until the ensuing election, retiring in January, 1916. Mr. Cavanaugh is one of the best read men in Nye county and would make an ideal judicial officer.

SEVEN MEN FOR CAMP FREMONT

L. E. Glass, clerk of the exemption board, today received notice that a quota for the University of Nevada would be sent out from Nye county on August 15th. Probably seven men would be called for. On the 8th inst. seven men will entrain for Camp Fremont. Of this number only one still lives in Tonopah. The list is as follows: David Montellus, Alameda, Cal.; Raymond H. Rogers, Oklahoma; Radoyan Draskovich, Los Angeles; Radoyan Yuskovich, California; Frank E. Stevens, Yuma, Ariz.; Charles R. Clevenger, of the 1918 class, Tonopah and Kenneth B. Duncan, San Francisco.

What has become of the old-fashioned and picturesque vandilvers who used to follow the French army?

Those interested in the shorthand and typing class, beginning Aug. 15, communicate with Mrs. Rene Balilet.

PERSONAL

MISS HELEN CASE was a passenger this morning for the coast.

MRS. ED. MARTIN left today for a visit to relatives at Sacramento.

MRS. CHARLES G. SMITH and children were passengers on the outgoing train this morning.

HENRY SCHMIDT's three children returned to the coast on No. 23 today.

C. H. McDONALD has gone to San Francisco to take employment in one of the shipyards.

NELS NELSON was a passenger today for Murietta Hot Springs, Cal.

DR. J. L. PENNINGTON has returned from spending a vacation at his ranch in Paradise, Butte county, Cal.

MISS MARGARET SHIELDS, official stenographer for the district court, returned this morning from Reno.

A. M. VAN DUSEN, of the Belmont office force, returned this morning from his vacation which was spent in the northwest.

MISS BESSIE SHIELDS, bookkeeper for the Lothrop-Davis company, is back at her old post after enjoying a rest in San Francisco.

AL FREVERT, manager of the Hall Liquor company, arrived last evening by the southern route from San Diego after an absence of a month.

CAPTAIN FLOOD, the veteran watchman of the Tonopah Mining company, is back again in camp after spending three months at his ranch near Riverside, Cal.

ARTHUR LAWRY, former manager of the Montana-Tonopah and now superintendent of the Goldfield Consolidated, motored over last night with Mrs. Lawry and took dinner at the Mizpah.

MISS KATE SCHOEN, of the telephone staff, returned from her vacation last evening after spending two weeks with her sister, Mrs. J. R. Blair, at Los Angeles.

MR. and MRS. J. H. NELSON, Arlin Nelson and J. H. Nelson left this morning by automobile for a tour of the mountain resorts, making their first stop at Lake Tahoe. They expect to be gone two weeks.

MRS. W. H. BLACKBURN, of Mizpah Hill, leaves tomorrow morning for Chicago, where she will join her husband on his visit to the Tonopah Mining company's copper property in Manitoba.

FREDERICK BRADSHAW, general manager of the Tonopah Belmont, returned today from Telluride, Colo., where he went to attend the formal opening of the new mill of the Wagner-Belmont mine.

JAMES McKAY was operated on yesterday at the Reno General hospital, and will return to Tonopah for a short rest while convalescing before reporting for duty with the aviation corps.

MR. and MRS. ARTHUR KEENAN arrived today from an extended western and eastern tour which occupied the past month, including the Elks' convention at Atlantic City and closing at Rochester, N. Y.

ROBERT KYLE, former agent of the Wells-Fargo in Tonopah, is back in his old position and expects to remain here permanently. Mr. Kyle was promoted to route agent of the company at Kansas City, his old home, but found the place and environment different from what he thought it was, so he applied for a transfer to Tonopah.

WILL TEACH IN MANHATTAN

Miss Louise Parker, of Tonopah, has been chosen commercial teacher in the Manhattan public schools. The young lady will have charge of the shorthand, typewriting, commercial arithmetic and bookkeeping courses and will also supervise class teaching. She is a business college graduate and holds commercial certificates in both California and Nevada.

KENNEDY MINING MAN BITTEN BY RATTLESNAKE

A. B. Anderson, a mining man of the Kennedy section, arrived here yesterday morning from that camp to receive treatment for a rattlesnake bite, which he received Saturday evening. He was moving a pile of lumber when he was struck by the reptile on the index finger of his right hand. Mr. Anderson is under treatment by Dr. Giroux at the hospital and may undergo a treatment of anti-venom serum. However, this may not be necessary as the first treatment he received seemed to kill the poison effect and the swelling has about gone out of his hand.—Humboldt Star.

WHAT'S WHAT

By L. L. Mudgett

Vol. 2, Tonopah, Aug. 1, 1918, No. 7

If anybody ever had an idea that Tonopah isn't a full blown American city he must have changed his mind after the bully send-off given our colored fighters who departed for the front this morning.

The band, the drum corps, the long line of Red Cross ladies, Boy Scouts, Girl Scouts and hundreds of prominent citizens "was a concrete demonstration that all semblance of a dividing line between the elements of color, class or creed are rapidly disappearing in the melting pot of humanity.

In a masterful address our brilliant young citizen, Chas. L. Richards, painted a picture illustrating the equality with which our patriotic boys are going to the fields of France to fight shoulder to shoulder for the cause of liberty.

Although Tonopah's quota called for seven colored registrants, only two, Otis Leo Stewart and Tom Brown, entrained from here, the others departing this morning from different points. It was something worth while to see the two husky "Liberty Lads" with big broad smiles through traces of tears as they received the hearty hand-clasp of their many friends.

It is our wish that they return "heroes all."

JULY WINDIEST IN LOCAL RECORD

July was the windiest month on record at the Tonopah station, the anemometer showing a total movement of 6827 miles with an average hourly velocity of 9.2 miles and a maximum velocity of 28 miles on the 2nd from the northwest. The number of hours of sunshine was 282, giving a percentage of 85. The highest temperature was 89 and the lowest 48 with the greatest daily range of 27 degrees and the least daily range of 17 degrees. The mean for the month was 71 degrees, compared with 77 in 1917, 73 in 1916, and 69 in 1912, which was the coldest on record. The precipitation for the month was .73 of an inch compared with .31 last year, .13 in 1916, .59 in 1914, 1.34 in 1912 and a trace in 1907.

NOMINATIONS FILED

Charles L. Slavin has filed for the office of sheriff on the Democratic ticket, and Gili Bennett has signified his intention to run for justice of the peace.

Prince Joachim, the kaiser's son, is doing his bit by visiting hospitals back of the German lines.

TEACHER JOINS THE RED CROSS

Miss Katherine H. Murphy, former commercial teacher at the Tonopah high school and also secretary of the board of school trustees, has enrolled as a division secretary with the Red Cross and will go to France at an early date. Miss Murphy has always been eager to join the colors and expressed the intention of leaving Tonopah for her home in South Dakota of taking the examination while passing through Omaha. Miss Murphy was reappointed for next year and her departure for a new field leaves a vacancy in the commercial course.
